

CASE STUDY

Oil Containment Pits

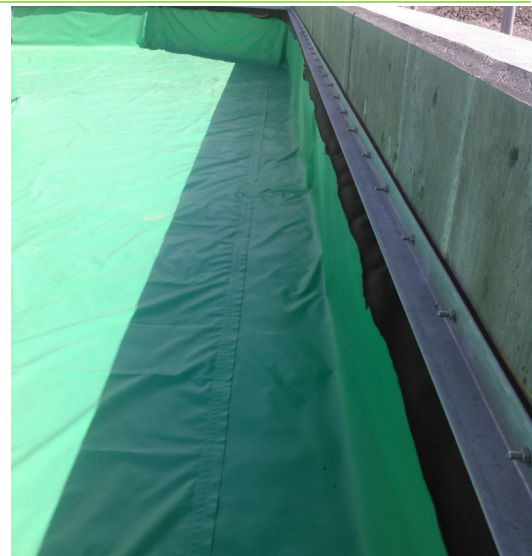

- ▼ **LOCATION:** Manigotagan, Manitoba
- ▼ **PROJECT TYPE:** Supply and installation
- ▼ **PRODUCT USED:**
Chemically resistant geomembrane

- ▼ **PROBLEM:**
2 oil containment pits required lining at Manitoba Hydro's Manigotagan Corner Station

- ▼ **THE TITAN SOLUTION:**
Titan was hired to supply and install a chemically resistant geomembrane liner in 2 oil containment pits at Manitoba Hydro's Manigotagan Corner Station. Built around hydro-electric transformers, the oil containment pits measured 12m x 15.24m. They work to protect the ground from oil that may spill from the transformers during operation.

- ▼ **ACHIEVEMENT:**
We were chosen for our proven reputation and track record working in Northern Manitoba on numerous Manitoba Hydro projects.
